PRODUCT DETAILS

Weight: 12.80kg
Part No: YW202.G
Application: Forklift / TD27

Product Details:

- Top View (Top Left):** Shows the top of the forklift with dimensions: 18 齿 直径 19 mm (18 teeth, diameter 19 mm) and 长度 53 mm (length 53 mm).
- Side View (Bottom Left):** Shows the side profile of the forklift with a dimension: 直径 50mm (diameter 50mm).
- Top View (Top Right):** Shows the top of the forklift with a dimension: 260 mm.
- Side View (Bottom Right):** Shows the side profile of the forklift with a dimension: 直径 330mm (diameter 330mm).
- Label (Center):** A label with the text "合格证" (Certificate of Conformity) and "合格证" (Certificate of Conformity).

Weight: 15,10kg
Part No. YH05G02
Application: HELI Hangcha Forklift 1-3T

产品详细信息 **PRODUCT DETAILS**

The image displays technical drawings of a propeller assembly. At the top left is a circular hub with eight mounting holes. To its right is a side view of the propeller with dimensions: 26mm for the top flange thickness, 80mm for the main body height, and 130mm for the total height. A central shaft diameter of $\Phi 15$ is indicated. Below the hub is a rectangular plate with the text "YH 202012-000001". At the bottom left, the following specifications are listed: Weight: 13.45kg, Part No: YH2656, and Application: Taifit Forklift 4.90. On the right side, a detailed view of the propeller's blades is shown with a root diameter of $\Phi 40$.
